Alphabetical Publications Listing ............................................................... 17

Publication Order Form .............................................................................. 27
ORDERING PUBLICATIONS

Publications listed in this catalog are available from the UW College of Agriculture and Natural Resources through UW Extension and the Agricultural Experiment Station (AES). Supplements will be issued throughout the year. Free publications are specifically noted.

Foreign residents and institutions

Shipping and handling for orders within the United States is included in the price of the publication. For orders to Canada or Mexico, add a 15 percent shipping and handling charge; for orders from all other countries, add 30 percent. Orders will not be processed if a shipping and handling charge is not included. Funds must be sent in U.S. currency, drawn on an American bank. The Resource Center cannot accept foreign cash, currency, checks, or money orders.

Sales tax

Out-of-state residents are exempt from paying sales tax; however, local sales tax (6 percent) must be added to all in-state orders.

Tax-exempt organizations must send proof of tax-exempt status with the order.

Payment

If ordering directly from the Office of Communications and Technology Resource Center, make checks payable to: Communications and Technology Publications Account or the University of Wyoming.

Billing

The Resource Center will not bill individuals for less than $10; such orders must be prepaid.

To pay by credit card, see the Publication Order Form at the end of the catalog.

Additional information

For more information or to place an order, contact a local UW Extension office (address list at the back of this catalog) or contact:

Office of Communications and Technology Resource Center
Dept. 3354
1000 E. University Ave.
Laramie, WY 82071-3354
Office: (307) 766-2115
Fax: (307) 766-6345

Catalog on CD $15.00
Tax Implications of Selected Drought Management Strategies

During the most recent period of drought, livestock producers in Wyoming adopted several management strategies with income tax implications. B-1195
Price of Weather - Which Signal Should Livestock Producers Follow?

Cattle producers are faced with the task of making herd management decisions in a dynamic setting. Profit-driven producers desire to make money but are often constrained in their decisions. B-1221

Trends in Wyoming Agriculture
(2005) B-1164 Web only

Multiple Impacts — Multiple Strategies — How Wyoming Cattle Producers are Surviving in Prolonged Drought
(2007) B-1178 4.00

A New Look at the Agricultural Community as Extension Clientele in the West: Preliminary Results
(2008) B-1190 15.00

Impact of Increased Fuel Prices of Profitability of Selected Crops in Big Horn Basin of Wyoming
(2008) B-1192 Web Only

Two Common Drought Management Strategies and Some Considerations for Wyoming Cattle Producers
(2011) B-1218 1.50

Consideration for Preparing a Drought Management Plan for Livestock Producers

### Toward a More Comprehensive Valuation of Western Rangelands

There are many challenges to accurately estimating the comprehensive values of western rangelands. The estimates in this report represent one approach, using publicly available data, to further explore the diverse values of western rangelands. B-1245

**Wyoming Weed Watchlist Field Guide**

This bulletin is designed to enhance prevention and early detection efforts of weeds not yet widely established in Wyoming. The Field Guide is 8.5 x 11 spiral bound with pages for notes. B-1227
Roundup Ready® Alfalfa

“Roundup Ready® alfalfa offers producers an additional management tool for growers with the principle features being its ease of use, flexibility, and broad spectrum weed control. The publication discusses field trials and removal of Roundup Ready® alfalfa. B-1173
